

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL MEMORANDUM

HB 2649 – SB 2514

March 13, 2012

SUMMARY OF AMENDMENTS (013947, 014338): Deletes Section 10 and the effective date of the original bill. Changes the funding mechanism in Section 8 of the original bill so that the \$10,000,000 in additional Tennessee Student Assistance awards come from the lottery reserve and not net lottery proceeds. Directs that if the net lottery proceeds for FY11-12 exceed the amount of net lottery proceeds for FY10-11 by \$10,000,000 or more; if net lottery proceeds for FY12-13 meet or exceed the amount of net lottery proceeds for FY11-12; and if net lottery proceeds for FY13-14 meet or exceed the amount of net lottery proceeds for FY11-12, then the act shall be repealed July 1, 2015. States that the term “net lottery proceeds” does not include unclaimed prize money. Requires the State Funding Board, by May 1, 2015, to determine if the act is repealed effective July 1, 2015, and to report its finding to the Secretary of State and the Tennessee Code Commission.

Amends Section 8 of the bill. The effective date of the bill is June 30, 2015.

FISCAL IMPACT OF ORIGINAL BILL:

Decrease State Expenditures - Net Impact - \$4,115,500/FY15-16/Lottery for
Education Account
Net Impact- \$9,052,400/FY16-17 and the next
Eight Subsequent Fiscal Years
/Lottery for Education Account

Other Fiscal Impact – In the eleventh fiscal year after implementation (FY25-26), if the General Assembly elects not to appropriate an additional \$10,000,000 to the Tennessee Student Assistance Award program, the decrease in state expenditures from the Lottery for Education Account will be greater since any decrease in the first ten years after implementation will be netted against this appropriation

HB 2649 – SB 2514

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENTS:

Other Fiscal Impact – If the conditions set forth in the amendment are met and the State Funding Board makes a determination that they have been met, then the fiscal impact is completely removed and the bill will be repealed on June 30, 2015.

If the conditions set forth by the amendment are not met, then the fiscal impact will be as follows:

**Decrease State Expenditures - \$14,115,500/FY15-16/Lottery for Education
Account
\$19,052,400/FY16-17 and the next Eight
Subsequent Fiscal Years/
Lottery for Education Account**

Other Fiscal Impact - \$10,000,000 will be earmarked for additional awards from the lottery reserves beginning in FY15-16 and the next nine subsequent fiscal years. In the 11th fiscal year after implementation (FY25-26), if the General Assembly elects not to appropriate an additional \$10,000,000 to the Tennessee Student Assistance Awards program, the lottery reserves will retain an additional \$10,000,000 than in FY24-25.

Assumptions applied to amendments:

- For the purposes of the fiscal memorandum, the assumptions below show what the net fiscal impact will be in FY15-16 and subsequent fiscal years, assuming that the conditions set forth in the amendment are not met.
- The state will increase appropriations for the Tennessee Student Assistance Awards by an additional \$10,000,000 beginning in FY15-16 and the next nine subsequent fiscal years from the lottery reserves.
- According to the Tennessee Student Assistance Corporation (TSAC), 5,724 students (including new freshman cohort and home school students) will receive a reduced HOPE or ASPIRE award amount in FY15-16.
- With reduced awards, HOPE recipients will receive \$2,000 and ASPIRE recipients will receive \$3,500.
- According to TSAC, the reduction in state expenditures in FY15-16 from the Lottery for Education Account will be \$14,115,500.
- Based on information provided by TSAC, the number of students who will receive a reduced award in FY16-17 will be 8,207 (including a new incoming freshmen class with home school students and renewals from FY15-16).
- According to TSAC, the decrease in state expenditures in FY16-17 as a result of increasing HOPE and ASPIRE eligibility requirements will be \$19,052,380.

- After the second year of implementation, students previously receiving a reduced scholarship amount will become eligible for a full HOPE or ASPIRE scholarship or grant. For the purposes of this fiscal note, it is assumed that the decrease in state expenditures will remain relatively even over the next eight fiscal years beginning in FY17-18 and further assumes that the number of students entering, renewing, and becoming eligible for the increased HOPE or ASPIRE scholarship each fall remains approximately the same.
- In FY25-26 (eleventh fiscal year after implementation), the lottery reserves may retain an additional \$10,000,000 if the General Assembly does not continue the draw down from the account for additional Tennessee Student Assistance Awards.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.
